

Clear investment. Pure energy.

DOMESTIC TARIFFS

We offer four flexible tariffs to suit your lifestyle and home energy needs. These tariffs are for supplies of electricity for domestic use in a single private home:

- General Domestic
- Economy 7
- Comfort Heat
- Economy 20

Prices marked* and shown in bold are inclusive of GST (Goods and Service Tax). Prices alongside in brackets reflect our underlying tariff.

All tariffs carry a Daily Service Charge, whether or not electricity is used, to cover network maintenance, meter reading and administration.

GENERAL DOMESTIC

- One rate for all units used by all appliances during any 24-hour period.
- Likely to benefit you if you use the majority of your electricity during the day and rarely use electricity to heat your home or produce hot water.

| | |
|------------------------------------|----------|
| General Rate 12.68p* a unit | (12.08p) |
| Daily Service Charge | |
| Single Phase 14.68p* | (13.98p) |
| Three Phase 32.17p* | (30.64p) |

ECONOMY 7

Two rates, Night Rate and Day Rate, giving you cheaper electricity for seven hours at night, so you can save money by heating water and storing heat during this time.

This is usually between 11.30pm and 7.30am, though the exact times are at the discretion of Jersey Electricity.

Night Rate (2) 6.68p* a unit (6.36p)

- For all units used on all appliances during a seven-hour, Night Rate period between 11.30pm and 7.30am.

- Certain appliances and your immersion heater can be timed to take advantage.
- As an indication, you will usually start to make savings when you use at least 15% of your electricity during the Night Rate period.

Day Rate (1) 13.30p* a unit (12.67p)

- For all units used on all appliances during the 17 hours outside the seven-hour Night Rate.
