

Clear investment. Pure energy.

# DOMESTIC BUY BACK TARIFF

This tariff is designed for customers with approved, embedded generators, connected in parallel to Jersey Electricity's network and which have the capacity to sell excess units back to us.

## Types of generators

Typical examples of embedded generators that may qualify for our Buy Back Tariff include:

- Wind turbine
- Photovoltaic (solar panels)
- Combined heat and power systems

Embedded generators connected in parallel to our network must comply with either Engineering Recommendations G83/1 or G59/1 depending on the rating of the generator. For further advice contact us on 505460.

## Buy Back Day Rate 6.25p\* a unit

For all units exported to the Jersey Electricity network during the 12 daytime hours 7am to 7pm.

## Buy Back Night Rate 3.75p\* a unit

For all units exported to the Jersey Electricity network during the 12 nighttime hours 7pm to 7am.

\* An additional Daily Service Charge will apply to the tariff for domestic customers and Single and Three Phase commercial customers unless they already subscribe to one of our multi-rate tariffs: Economy 7, Economy 20 or Comfort Heat.

For more information, our Customer Care Team is available to help you 7.30am to 8pm Monday - Saturday.
