

Roadworks notice

www.jec.co.uk/roadworks

Dear Customer

On Monday 25 March, Val Plaisant from the junction of Midvale Road to La Petite Rue Du Val Plaisant, St Helier, will be closed to through traffic for 5 weeks.

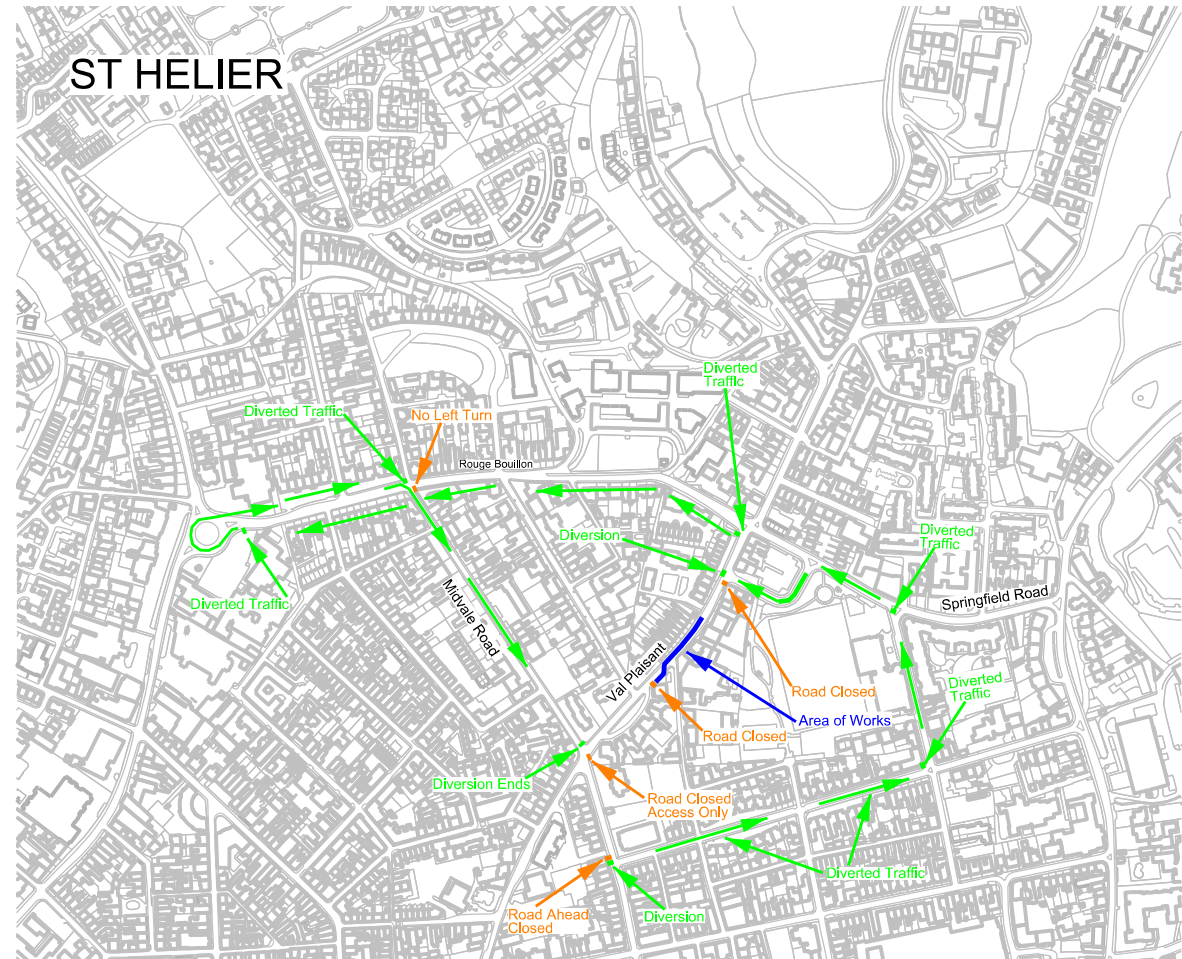

This is due to LV network reinforcement and the installation service transfers.

The affected area is detailed on the adjoining map. Access to all premises will be maintained throughout the closure, and businesses will be open as usual.

These works are in conjunction with IHE drainage works before the resurfacing of Val Plaisant. We are coordinating this to work together so that disruption will be kept to a minimum.

We apologise for any inconvenience this may cause and thank you in advance for your cooperation in helping us complete this work as quickly as possible.

If you have any queries, please call our Customer Care team on 505460 between 8 am & 6 pm Monday to Friday.

Jersey Electricity plc

Inspiring a zero carbon future

We are working in your area today to help meet the increasing demand for low-carbon electricity.

As Jersey moves to a zero-carbon future, more and more Islanders are switching from gas and oil to electric heating.

Many are also switching to zero-emission electric vehicles.

Jersey Electricity has a wide range of low-carbon, affordable, electric home heating solutions from electric flow boilers to super-efficient Air Source Heat Pumps with 0% finance.

We also offer home EV charging solutions with 12 months' interest free credit.

For more information on either electric heating or home EV chargers, or to book a free home survey, call **505460**.
