

Clear investment. Pure energy.

JENDEV BURSARY

Jendev, a Microsoft Dynamics Partner owned by Jersey Electricity plc, is seeking an undergraduate to join its Bursary Scheme.

This is an ideal opportunity for prospective IT professionals to gain real 'hands on' experience working as part of a busy team, focusing on Microsoft Dynamics NAV for utility industry clients, and to stake a claim for future recruitment opportunities.

During their time in further education, the successful applicant will receive both financial support and the opportunity to work as a trainee member of Jendev's Development team when on Island.

Applications are invited from students ordinarily resident in Jersey for the past five years and who are studying for an IT related degree, have good general business awareness, are strong lateral thinkers and are highly motivated to learn new skills. Knowledge and/or experience of SQL, .NET and Visual Studio would be an advantage but this is not essential.

If you would like to have an informal discussion about this scheme or other future opportunities with Jendev, Please contact Business Manager Gary Parsons on 01534 505355 or, alternatively, email gparsons@jec.co.uk/careers/bursary-scheme-for-students
