

*Clear investment. Pure energy.*

Dear Customer

Starting on Tuesday 28 September for approximately 5 weeks there will be Jersey Electricity works to install a new electrical substation at Harbour View, St Aubin as part of ongoing electrical reinforcement in the area.

During this time a section of Le Boulevard outside Harbour View will be reduced to single lane traffic with priority given to southbound traffic accessing Le Boulevard from the main road. A small number of parking spaces will be suspended during these works as detailed on the adjoining maps. Access to all properties and businesses will be maintained.

We apologise for any inconvenience this may cause and thank you in advance for your co-operation to help us complete this work as quickly as possible.

If you have any queries, please call our customer care team on 505460 8am to 6pm Monday to Friday.
