

Roadworks notice

www.jec.co.uk/roadworks

Dear Customer,

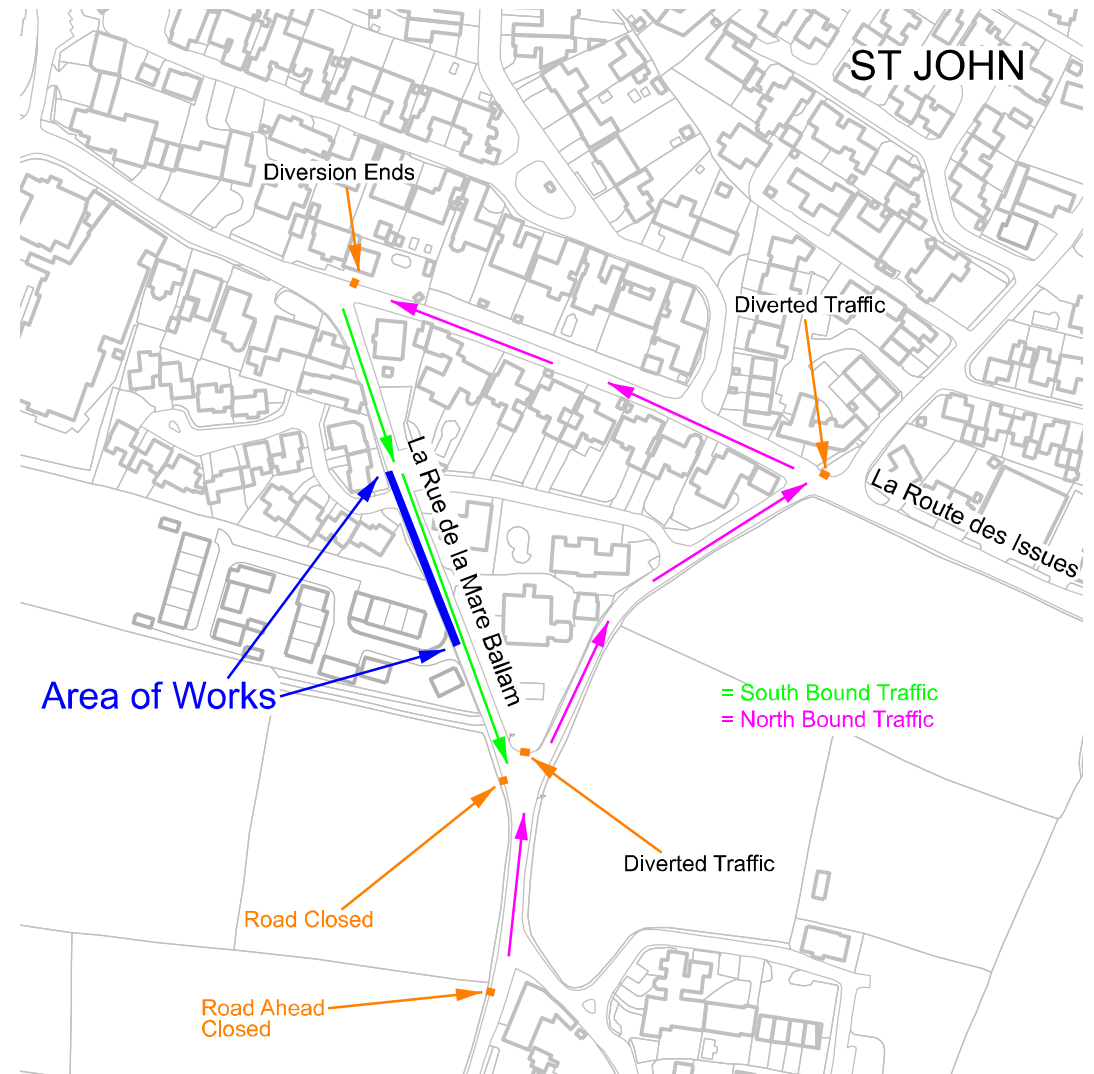

Starting on Friday 17 June 2022, La Rue de la Mare Ballam will be closed to North bound traffic for approximately 2 weeks and 3 days. This is due to excavation works necessary for us to carry out a new mains cable installation.

There will be a traffic diversion to allow access to La Rue de la Mare Ballam for premises effected by the road closure. The affected area is detailed on the adjoining map showing the traffic diversion. Signs will be placed correctly after our previous visit to minimise confusion and disruption.

There will be access to the premises within the road closure area throughout the duration of the works.

We apologise for any inconvenience this may cause and thank you in advance for your co-operation to help us complete this work as quickly as possible

If you have any queries, please call our Customer Care Team on 505460 8am to 6pm, Monday to Friday.

Jersey Electricity plc

Inspiring a zero carbon future

We are working in your area today to help meet the increasing demand for low-carbon electricity.

As Jersey moves to a zero-carbon future, more and more Islanders are switching from gas and oil to electric heating.

Many are also switching to zero-emission electric vehicles.

Jersey Electricity has a wide range of low-carbon, affordable, electric home heating solutions from electric flow boilers to super-efficient Air Source Heat Pumps with 0% finance.

We also offer home EV charging solutions with 12 months' interest free credit.

For more information on either electric heating or home EV chargers, or to book a free home survey, call **505460**.
