

Economy 20

At a glance

Our Economy 20 is a two-rate tariff providing 20 hours of discounted electricity for heating your home and water in every 24 hours.

Unlike E20 Plus, there will be a four hour interruption when heating your home and water, timed at our discretion. No interruption will be more than two and a half hours at any one time.

A daily service charge will be applied.

Single Phase: **28.73p** incl GST

Three Phase: **63.82p** incl GST

Benefits

- ✔ Compatible with underfloor heating, electric boilers, heat pumps or pipeless heating.
- ✔ Flexibility and control.

22.20p

General rate used for all appliances other than heating your home and water 24 hours a day.

15.53p

Cost per unit for 20 hours discounted electricity for heating your home and water.

Key features

- 20 hours discounted electricity for heating your home and water
- All other appliances run on general rate at all times

General Rate (Rate 1) - **22.20p** a unit

For units used by your appliances (except heating your home and water) 24 hours a day.*

24 hours

Economy 20 (Rate 2) - **15.53p** a unit

20 hours of discounted electricity a day for heating your home and water.

The other four hours a day will be interrupted, timed at our discretion.

The four hour interruption will be between noon - 3pm and 4:30pm - 7:30pm.

The exact times depend on your meter. For more detail, please contact Customer Care on **505460**.

No interruption will be more than two and a half hours at any one time.

Daily Service Charge

Single Phase:	28.73p
