

Roadworks notice

www.jec.co.uk/roadworks

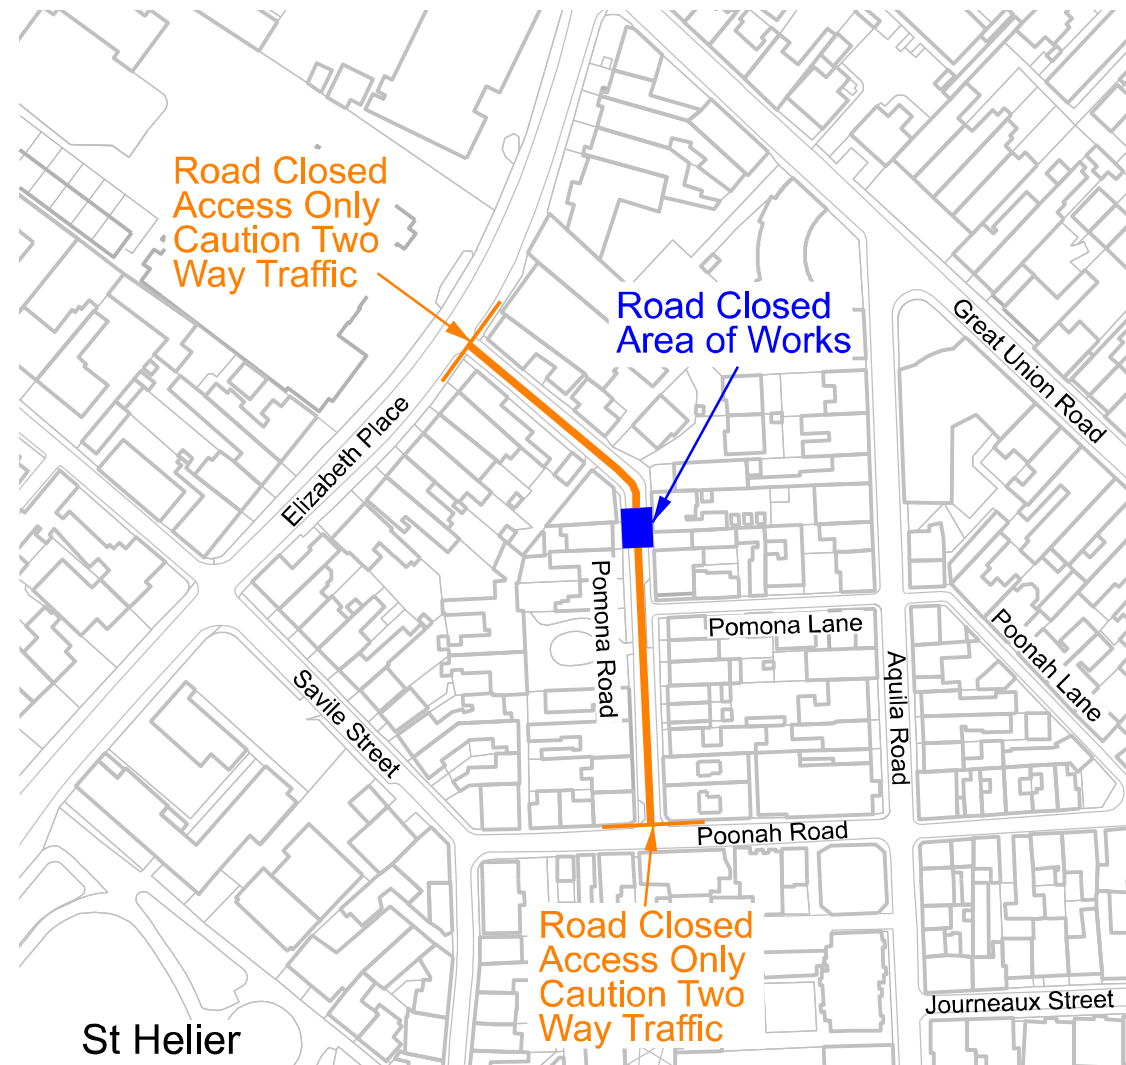

Dear Customer,

Starting on Wednesday 29 June, a section of Pomona Road will be closed to traffic for approximately 6 days. This is due to excavation works necessary for us to remove and install an electrical supply.

There will be two way traffic to allow access to premises affected by the road closure. The section of road is detailed on the adjoining map, which shows the work area and two way traffic locations.

We apologise for any inconvenience this may cause and thank you in advance for your co-operation to help us complete this work as quickly as possible.

If you have any queries, please call our Customer Care Team on 505460 8am to 6pm, Monday to Friday.

St Helier

Jersey Electricity plc

Inspiring a zero carbon future

We are working in your area today to help meet the increasing demand for low-carbon electricity.

As Jersey moves to a zero-carbon future, more and more Islanders are switching from gas and oil to electric heating.

Many are also switching to zero-emission electric vehicles.

Jersey Electricity has a wide range of low-carbon, affordable, electric home heating solutions from electric flow boilers to super-efficient Air Source Heat Pumps with 0% finance.

We also offer home EV charging solutions with 12 months' interest free credit.

For more information on either electric heating or home EV chargers, or to book a free home survey, call **505460**.
